Maryland Niche Meats & Poultry Directory

INTRODUCTION

Welcome to the “Maryland Niche Meats and Poultry Producers’ Directory,” a publication developed jointly by niche meat and poultry producers and the Ag Marketing Program of the University of Maryland Extension. The purpose of this directory is to help buyers, consumers, market masters, other producers, or anyone looking for the freshest, best quality farm-raised meats available from Maryland producers. This directory has been organized by product for ease of aggregating suppliers. Many producers offer multiple products. The list is always growing and expanding, so the latest listings will be available on-line at www.agmarketing.umd.edu.

This directory does not replace other listings or directories, but supplements them as a varietal sourcing list.

Mention, visual representation, or referred reference of product, service, or organization in this publication does not imply endorsement by the author or any of the partners. Exclusion does not imply a negative evaluation.
